

Modern LED luminaire: Smart, Biodynamic and IoT Ready

citylum.eu

Configurable Biodynamic Smoothing

Use higher CCT only to prolong daytime after dusk and before dawn. Make nighttime healthier and more pleasant experience with low CCT.

**CircaLED-IR „IoT Ready“
using Bluetooth 5 stack
with MESH networking
for Smart City projects.**

CircaLED also contains special features of smart LED power supplies such as programmable dimming, CLO, AOC, reporting and others. Please note that in order to achieve low or no SPD peaks at <math><500\text{nm}</math>, refer to data containing LED's spectral power distribution charts.
